## ABOUT BLUE

A premium spring water brand proudly brought to you by Bluesky Beverages Pty Ltd

On a mission to reduce single-use plastic

Bottled in a solar-powered facility

A more conscious and sustainable approach to consumption

Aluminium bottles as a sustainable packaging solution

## WHY CHOOSE ALUMINIUM PACKAGING?

Our bottles are designed to be cleaned and reused many times

Strong and durable material, yet still lightweight and easy to transport

Can be recycled without any loss of quality

Protects beverages from UV rays, moisture, and oxygen that may alter taste and affect product safety

Recycling aluminium only takes 5% of the energy that is used to manufacture new aluminium, reducing 95% of total carbon emissions

**STYLISH.  
SUSTAINABLE.  
INFINITELY  
RECYCLABLE.**

**ALUMINIUM IS THE MOST  
SUSTAINABLE PACKAGING  
WITH A 90% RECYCLING RATE**
